

AUDIT OPINION

Our Ref. No. 157 dd. March 17, 2021

*To Members of Sun Pharmaceutical Industries
LLC
Executive body of the Company*

Opinion

We audited the attached annual accounting statements of the Limited Liability Company "Sun Pharmaceutical Industries" (OGRN 1077762356770, 107023, Moscow, Elektrozavodskaya Street, 27, building 8, suite 14/1A), consisting of the Balance Sheet as of December 31, 2020, Profit and Loss Statement for 2019, annexes to the Balance Sheet and Profit and Loss Statement, namely: Statement of Changes in Equity for 2020 and Cash Flow Statement for 2020, notes to the Balance Sheet and Profit and Loss Statement for 2020, including the brief review of main provisions of the accounting policy.

In our opinion, the attached annual accounting statements show reliably in all material aspects the financial status of the Limited Liability Company "Sun Pharmaceutical Industries" (hereinafter referred to as "the Company"), as of December 31, 2020, financial results of operation and cash flows during 2020 in compliance with the rules of accounting statements preparation, applicable in the Russian Federation.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibility in compliance with such standards is described in section "Responsibility of auditor for the audit of annual accounting statements" of this opinion. We are independent from the audited entity according to the Rules of independence of auditors and audit firms and Professional Code of Conduct of Auditors, corresponding to the Professional Code of Conduct of Chartered Accountants, developed by the Accounting Professional and Ethical Standards Board, and we did any other duties in compliance with such requirements of professional ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty with respect to continuity of business

Please note Section 10 of Notes to the Balance Sheet and Profit and Loss Statement, stating that the figure of net assets of the Company as of December 31, 2020 is negative. The main reason is a loss incurred of the financial and business operations, arising mostly due to executive and any other expenses, and absence of income from the main activity during 2020. We confirm that the information on such event was adequately stated in the attached accounting statements. We do not express a modified opinion in connection to such matter.

Important circumstances

As stated in section 8 of Notes to the attached annual accounting statements of the Company, due to recent rapid outbreak of coronavirus (COVID-19) pandemics, many countries, including the Russian Federation, applied the quarantine actions, thereby causing a material impact on the level and scope of business activities of the market participants.

It is expected that both pandemics itself and actions aimed at minimizing its consequences may have impact on business of companies from various industries. Since March 2020, a substantial volatility on stock, exchange and commodity markets has been observed, including the fall of prices on oil, decline in ruble exchange rate with respect to US dollar and euro.

However the outbreak of coronavirus and application of restrictions by the Russian government for ensuring sanitary and epidemiologic welfare of the people in the Russian Federation did not have a material impact on the Company's business.

Herewith, in opinion of the Company's management, it should not experience a material adverse effect by the pandemics consequences on its business processes, reducing of solvency, ability to settle the short-term and long-term investments for the account of its own and attracted sources. The indicated circumstances evidence absence of material uncertainty, which may cause serious doubts in the Company's ability to continue its business as going concern. Therefore, we do not express a modified opinion in connection to such matter.

Responsibility for the accounting statements of the management and officers responsible for the corporate governance of the auditee

The management is responsible for preparation and reliable presentation of the above annual accounting statements in compliance with Rules of preparation of accounting statements, applicable in the Russian Federation, and for the system of internal control, which the management deems necessary for preparation of annual accounting statements, without material misstatements due to improper actions or errors.

When preparing the annual accounting statements, the management bears the responsibility for assessment of ability of the audited entity to continue without interruptions its business, for disclosure in respective cases of data, referred to continuity of business, and for preparation of statements on the basis of assumption on continuity of business, except for the cases, when the management intends to wind up the audited entity, terminate its operations or when they do not have any real alternative, except for liquidation or termination of business.

Officers responsible for the corporate governance are responsible for supervision over preparation of the annual accounting statements of the auditee.

Responsibility of the management of the auditee for the annual accounting statements

The management of the Company is responsible for preparation and reliable presentation of the above annual accounting (financial) statements in compliance with Rules of preparation of accounting (financial) statements, applicable in the Russian Federation, and for the system of internal control, which the management deems necessary for preparation of annual accounting (financial) statements, without material misstatements due to improper actions or errors.

When preparing the annual accounting (financial) statements, the management of the Company bears the responsibility for assessment of ability of the audited entity to continue without interruptions its business, for disclosure in respective cases of data, referred to continuity of business, and for preparation of statements on the basis of assumption on continuity of business, except for the cases, when the management intends to wind up the audited entity, terminate its operations or when they do not have any real alternative, except for liquidation or termination of business.

Auditor's Responsibilities for the Audit of the Accounting (Financial) Statements

Our purpose is to obtain reasonable assurance about whether the annual accounting statements are free of material misstatements due to improper actions or errors, and preparation of audit report containing our opinion. The reasonable assurance is a high level assurance, but it is not a guarantee that the audit, conducted in compliance with IAS, always detects the material misstatements, if any. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounting statements.

As part of an audit in accordance with International Standards of Audit, we exercise professional judgment and maintain professional scepticism throughout the audit. In addition, we:

- a) reveal and assess risks of material misstatements of annual accounting statements due to improper actions or errors; develop and implement audit procedures in response to such risks; obtain audit evidences, being sufficient and proper, in order to serve as basis for our opinion. The risk of non-revealing of a material misstatement as a result of improper actions is higher than the risk of non-revealing of a material misstatement as a result of error, as improper actions may comprise concert, forgery, willful omission, misrepresentation of information or actions in circumvention of internal control system;
- б) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the auditee's internal control.
- B) assess proper nature of the applied accounting policy, validity of accounting judgments and respective information disclosure, prepared by the management of the audited entity;
- r) conclude on lawfulness of application by the management of the audited entity of assumption on continuity of business, and on the basis of obtained audit evidences – conclusion on whether there is a material uncertainty in connection with events or conditions, probably resulting in material doubts in ability of the audited entity to continue its business without interruptions. If we arrive at a conclusion on availability of material uncertainty, we should draw attention in our audit report to a respective information disclosure in the annual accounting statements or, if such information disclosure is not due, we should modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the auditee to cease to continue as a going concern.
- д) assess the representation of the annual statements in general, its structure and contents, including disclosure of information, and whether the annual accounting statements represents the underlying operations and events as to ensure their reliable presentation.

We communicate with the persons responsible fore the corporate governance of the auditee, bringing to their notice, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Number of employees of the Company as at the reported date - 2 persons.

Information on the detached divisions

The Company opened a detached division located at: 143521, Moscow region, town Istra, Davydkovskoe village, Dachnaya Street, 2. The detached division was filed on March 03, 2016 by Inspectorate of the Federal Tax Service for town Istra of Moscow region (Notification was issued on March 29, 2019 under number 504751486 based on information on change of location of the detached division). The detached division does not have a separate balance, and current accounts opened in the banks.

2. Information on business.

The company does not refer to a small business entity, it applies a standard taxation scheme and practices PBU 18/02 “Profit tax accounting”. In compliance with the Articles of Association of the Company, its main business is a wholesale trade in pharmaceuticals and medical goods. The Company did not carried out any trade or any other business related to profit earning in 2020.

The Company did not carried out investment business during the reported year.

Accounting statements of the Company were prepared in compliance with the requirements of Russian laws with respect to preparation and presentation of the accounting statements. These Notes employ a number of tabular forms, which are indicated in Annex No. 3 to the Order of the Ministry of Finance of the Russian Federation No. 66n dated 02.07.2010.

3. Main elements of accounting policy of the Company.

For accounting and tax accounting purposes the Company applied in 2020 the accounting policy approved by the Orders of Director Nos. 23, 24 dated 31.12.2019 respectively.

Organizational and technical aspects of accounting policy.

Accounting and tax accounting are carried out by accounting department under the management of the Chief Accountant. In virtue of Order No. 2-18 dated 16.01.2018, the responsibilities of keeping accounts were entrusted to the Director beginning from 16.01.2018.

The accounting is carried out with the help of special accounting software 1C: Enterprise UPP 8.2. As working chart of accounts, the Company uses the chart of accounts from 1C software, which is created on the basis of model Chart of accounts approved by the Order of the Ministry of Finance of the Russian Federation dated 31.10.2000 No. 94n. The Company uses the ledgers for accounts and tax records generated by 1C software.

Main elements of accounting policy for the purposes of accounting.

Accounting of property, liabilities and business transactions is carried out in Russian rubles and kopecks. The figure of 10 per cent is a materiality guideline (from data according to respective group of accounts in the Balance Sheet).

The unified forms approved by the State Statistics Committee of Russia are used as the forms of primary accounting documents. In addition, the Company uses the forms generated by 1C software. The forms indicated in appendix to the Order of the Ministry of Finance of Russia dated 02.07.2010 No. 66n are used as accounting records forms.

Document flow Schedule is subject to approval by a separate order of the Director.

Inventory taking of assets and liabilities is carried out in compliance with the procedure approved by the Order of the Ministry of Finance of Russia dated 13.06.95 No. 49. The terms of inventory taking for the selected types of assets and liabilities are subject to separate orders of Director.

Limit cost of assets recognized within the fixed assets is 40 000 rubles. A single method of depreciation accrual, i.e. linear method, is used for all fixed assets. Useful life of fixed assets is determined proceeding from the Classification of fixed assets, included into depreciation groups, approved by the Order of the Government of the Russian Federation dated 01.01.2002 No. 1. Provision for repair of fixed assets is not formed. Expenses for the repair are recorded in the accounts of the reported period, during which such repairs were done.

A single method of depreciation accrual, i.e. linear method, is used for all intangible assets.

Stock number is a unit of account of materials. The materials are recognized by actual prices. For materials valuation, when they are transferred for sale or other purposes, the Company uses a single method, i.e. average primary cost method. Transport and procurement expenses during the purchase of goods are included into the primary cost of the purchased goods.

The primary cost of the purchased goods is formed in account 15 "Procurement and purchase of tangible assets" without using account 16 "Deviation in cost of tangible assets". In order to evaluate all goods, when they are transferred to sale or other purposes, the Company uses a single method – cost of goods is transferred to expenses at their average primary value.

Special tooling and overalls are recognized in manner prescribed for the accounting of materials and supplies inventories.

Expenses for obtaining of loans are recognized for a total amount in the same reported period, when such expenses were incurred.

The balance method was used to calculate the amount of current income tax.

Main principles of accounting policy for the purposes of taxation.

Profit tax.

The facilities complying with the requirements of Articles 256 and 257 of Tax Code of the Russian Federation, which useful life is more than 12 months and primary cost is more than 100 thousand rubles, are recognized within the depreciated assets. Increasing and decreasing factors of depreciation value are not used.

When selling the bought-in goods, their acquisition cost is determined according to average cost.

Provisions (for repairs of fixed assets, for doubtful debts, for warranty repairs and maintenance) are not formed.

Three, six and nine months of the calendar year are regarded as reported periods for the purposes of profit tax. Settlements for profit tax are made by payment of monthly advance payments.

Profit and loss are recognized by accrual method.

The acquisition cost of goods for sale comprises the purchase price of the goods, customs fees and levies, costs for delivery of the goods to the company's warehouse, other costs related to acquisition of the goods.

The taxes accrued to the detached division are paid by the head company at place of its location. Taxable income encountered by the detached division, which is located outside the Company's location, is calculated as an average arithmetic value of relative share of average staff number (expenses for wages) and relative share of depreciable value of the depreciated property of such detached division, respectively, in the average staff number (expenses for wages) and depreciable value of the depreciated property calculated in compliance with paragraph 1 Article 257, generally in the Company.

Value Added Tax (VAT).

The transactions imposed at the rates of 10 and 20 per cent, and exempt transaction are recorded separately in accounting and tax accounting ledgers.

For goods (works, services, proprietary interests), used both in transactions subject to VAT and exempt transactions, the deduction amount is determined pro rata to the value of goods (works, services, proprietary interests), shipped during the reported quarter and subject to VAT, within the total value of goods (works, services, proprietary interests), shipped during the reported quarter.

The detached divisions do not issue pro forma invoices and do not keep purchase ledgers and sales ledgers.

Tax accounting data are collected in tax accounting ledgers on the basis of the primary documents, including the accounting notes.

4. Main exponents of Company's business and information on financial standing.

During 2020 the Company did not carry out business of wholesale trade in medicines.

As of 31.12.2020 the total Balance Sheet amounted to 20 409 thousand rubles and decreased by 532 thousand rubles as compared to the total balance sheet as of 31.12.2019. Decrease in total balance was due to decrease in amount indicated in line "Cash and cash equivalents", increase in lines "Deferred tax assets", "Accounts receivable" in Assets of the Balance Sheet and from increase of uncovered loss, debt under current loans, decrease of amount in line "Accounts payable" in Liabilities of the Balance Sheet.

According to information of Profit and Loss Statement, the main indicators of the Company for 2020 are the following:

- management expenses amounted to 3 958 thousand rubles, which is by 103 thousand rubles more than in 2019;

- other income amounted to 23 377 thousand rubles, which is by 3 625 thousand rubles more than in 2019;
- other expenses amounted to 44 329 thousand rubles, which is by 36 942 thousand rubles more than in 2019;
- loss before taxation, according to accounting, amounted to 24 972 thousand rubles, which is by 33 427 thousand rubles more than in 2019;
- net loss amounted to 20 868 thousand rubles, which is by 26 755 thousand rubles more than in 2019.

Within other revenues and expenses, the main part falls to exchange rate differences. Income of exchange rate differences amounted to 23 240 thousand rubles, expenses of exchange rate differences amounted to 43 694 thousand rubles. Loss of exchange rate differences amounted to 20 454 thousand rubles.

The Company accounted loss of 20 521 thousand rubles in tax accounting due to non-recognition of management costs and decrease of amount of negative exchange differences.

Information on transactions in foreign exchange.

In 2020 the Company carried out transactions in foreign exchange (USD): accrual of interest on loan, revaluation of assets and liabilities in foreign exchange as at the transaction date and accounts preparation date.

The exchange rate differences in 2020 were caused by revaluation of assets and liabilities in foreign exchange (loan liabilities, cash on currency accounts). The loss of 20 454 thousand rubles was encountered upon results of 2020 due to exchange rate differences.

Exchange rate of the Central Bank of the Russian Federation applied as at the reported date of accounting statements (as at 31.12.2020): 1 USD = 73.8757 rubles.

Settlements for profit tax (application of rules of PBU 18/02).

The substantial discrepancies between the accounting and tax records are caused by the fact that the following expenses were not accepted for the purposes of taxation in the reported year (permanent differences occurred):

- amounts of management expenses – 3 958 thousand rubles.
- amounts of written-off VAT (amounts of VAT not accepted for refund from the budget) - 355 thousand rubles.

Provisions and estimated liabilities.

As at 31.12.2020, the provision for vacations amounts to 19 thousand rubles, provision for annual bonus – 157 thousand rubles, provision for audit expenses - 21 thousand rubles.

No provisions were created within the tax accounting.

Loan liabilities and maturity periods

The line 15101 of the Balance Sheet records the loan liabilities in rubles – 125 589 thousand rubles (in foreign exchange in total amount of USD 1 700 000). Maturity of loans falls to April 2021.

5. Explanation of information set out in the accounting statements.

1. Fixed assets
1.1. Availability of cash and cash flows

Indicator	Code	Period	As of beginning of the year		Changes for the period						By the end of the period		
			Primary cost	accumulated depreciation	Received	Retired items		Accrued depreciation	Revaluation		Primary cost	accumulated depreciation	
						Primary cost	accumulated depreciation		Primary cost	Accumulated depreciation			
Fixed assets (without consideration of income-bearing investments into tangible assets) including: Vehicles	5200	for 2020	729	(729)	-	-	-	-	-	-	-	729	(729)

6. Information on the related parties

Information on the related parties and transactions with such parties as of 31.12.2020 is set out below.

1. O.V. Syrkasheva, person exercising the powers of the Executive Officer. The Company entered into the following transactions with the related party:

- payments of salary for 2020 in compliance with the Employment Contract;
- personal income tax;
- mandatory payments to off-budget funds accrued on the salaries.

2. The sole member of the Company - Sun Pharmaceutical Industries Limited, a company incorporated under the laws of the Republic of India. As of 31.12.2020 the member owns a 100% share in the authorized capital with the nominal value of 50 000 (fifty thousand) rubles.

The Company did not entered in any transactions with such related party.

7. Events after reporting date.

In accordance with the point 3 PBU 7/98 «Events after reporting date», the event after the reporting date is understood as the fact of economic activity which exerted or can exert the impact on the financial condition, cash flow or results of the company's business and which takes place between the reported date and signature date of accounting records for the financial year.

The company has no such relevant facts of economic activity to be recognized as events after reporting date in the financial statements for 2020.

8. Consequences related to coronavirus (COVID-19) pandemics.

Due to recent rapid outbreak of coronavirus (COVID-19) pandemics, many countries, including the Russian Federation, applied the quarantine actions, thereby causing a material impact on the level and scope of business activities of the market participants.

It is expected that both pandemics itself and actions aimed at minimizing its consequences may have impact on business of companies from various industries. Since March 2020, a substantial volatility on stock, exchange and commodity markets has been observed, including the fall of prices on oil, decline in ruble exchange rate with respect to US dollar and euro. However the outbreak of coronavirus and application of restrictions by the Russian government for ensuring sanitary and epidemiologic welfare of the people in the Russian Federation did not have a material impact on the Company's business.

In this connection, the Company should not experience a material adverse effect by the pandemics consequences on its business processes, reducing of solvency, ability to settle the short-term and long-term investments for the account of its own and attracted sources. The indicated circumstances evidence absence of material uncertainty, which may cause serious doubts in the Company's ability to continue its business as going concern.

9. Contingencies of business.

The Company did not have any contingencies of business during economic activity in 2018.

10. Results and prospects

The Company did not carry out trade business, i.e. wholesale trade in pharmaceuticals manufactured by the Indian company Sun Pharmaceutical Industries Limited (India), as well as any other activity related to profit earning in 2020.

Net loss in the amount of 20 868 thousand rubles was encountered upon the results of the reported year.

The situation of negative net assets remains in the Company, which assets amounted for 2018 to 171 477 thousand rubles, for 2019 to 165 590 thousand rubles, for 2020 to 186 458 thousand rubles at the same amount of the authorized capital of 50 thousand rubles.

The main reason is a loss incurred of the financial and business operations, arising mostly due to executive and any other expenses, and absence of trade business during a long period of time (more than 3 years).

Furthermore the Company does not have any intentions to terminate or further reduce substantially its business. Responsible persons of the company management explore various options of business expansion, development of new business trends and markets.

Manager
